Wireless Protocols Report

Purpose of the Report

Explain the importance of selecting the appropriate wireless protocol for IoT devices. State the goal of the report, which is to compare WiFi, Bluetooth, Bluetooth LE, Zigbee, Z-Wave, and NFC based on specific parameters.

Areas to Investigate

- Protocol Cverwiev
- Range
- Power Consumption
- Security
- Other Considerations for IoT

Authors

Simon Thorell, Erik Pettersson, Nathan Tewelde Bahta, Milad Isho Saeb and Abdihakim Abdisamad Roble.
